

## NBSC Member Reimbursement Scheme Supplementary Requirements – 1 January 2021

Since March 2020, a range of government-imposed restrictions in response to the COVID-19 worldwide pandemic have caused significant disruption throughout the community, including the swimming community in Australia.

This means that the usual schedule of sanctioned swimming events in Australia has been disrupted with cancellations, delays, rescheduling and relocations occurring regularly.

As such, the ability for NBSC members to comply with eligibility requirements of the NBSC MRS has been compromised significantly, largely due to a lesser number of SNSW sanctioned events being available for technical official duties to be completed.

Without limiting any other requirement for eligibility, this supplement will take effect until further notice and will amend eligibility criteria 5 to read:

Supplementary eligibility criteria for applicants:

5. *Applicants and/or family members of applicants who attain accreditation from Swimming NSW as Check Starter, Marshal, Recorder, Starter etc (but excluding time keeper) within the preceding 12 month **or upcoming 3 month** period will be credited with **15** hours of TO assistance.*

In applying for any benefit under the MRS, applicants must sign this Supplementary Requirements declaration (when in effect) confirming that they will:

- i. complete a SNSW online Technical Officials course within 4 weeks of application;
- ii. attend a SNSW sanctioned meet(s) for the purpose of completing technical official accreditation within 3 months completing i. above;
- iii. commit to officiating at NBSC hosted events over the upcoming 12 month period.

- I understand that all applicants/swimmers must abide by the eligibility criteria set out in the NBSC Member Reimbursement Scheme (MRS)***
- I understand that reimbursements can be revoked due to misconduct or failing to adhere to Club Code of Conduct.***
